

CSCU SECURITY ALERT

Check Out the Latest Phishing Scam Targeting Cardholders

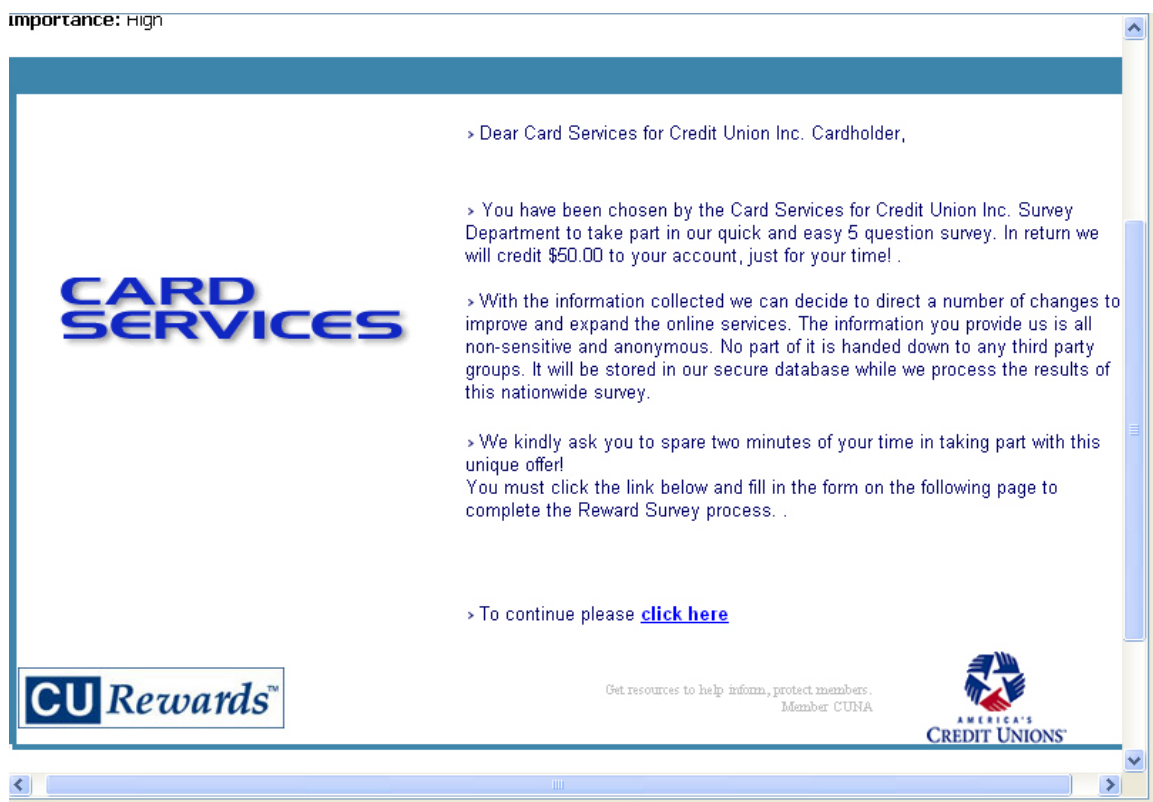

You may have received a bogus e-mail mimicking an e-mail from Card Services for Credit Unions (CSCU). This e-mail asks members to take a brief survey and asks for personal account information as well as plastic card information. **Remember, never give out personal information on the phone, through the mail, or on the Internet unless you've initiated the contact or are sure you know who you're dealing with.**

CSCU DID NOT SEND ANY E-MAILS DIRECTLY TO CARDHOLDERS AND DOES NOT HAVE CARDHOLDER DATA.

CSCU does not communicate with cardholders directly. Rather, all of our communication is through our member credit unions.

A screen shot of the phishing e-mail cardholders received is included below.
